| Model:<br>NT1ST-LE | Stainless Steel Single Door Bottle Cooler<br>126 litre capacity stainless steel finish |
|--------------------|----------------------------------------------------------------------------------------|

General Information

The Prodis NT1ST-LE is a sleek, single-door, low-energy under-counter bottle cooler designed for efficiency and durability. It boasts a stainless steel exterior finish with an easy-to-clean aluminium interior, complemented by two adjustable chrome shelves to optimize storage.

This unit features energy-efficient pure white LED lighting, a covered and recessed digital temperature controller with a clear display, and an external light switch for convenience. Its environmentally friendly R600a hydrocarbon refrigeration system provides fan-assisted cooling, maintaining a temperature range of +2°C to +10°C.

The lockable, self-closing double-glazed door enhances security and energy saving, and the cooler has a capacity of 126 litres with an energy rating of C. Measuring 600mm in width, 520mm in depth, and 900mm in height, the NT1ST-LE comes with a 2-year warranty for peace of mind.
