

RFG11

Blizzard

NEW FLAT GLASS TWO/THREE TIER MOBILE DISPLAY MERCHANDISER

Description

Custom built-in serving solutions don't come cheap whether that's a refrigerated, heated or neutral option that's why the NEW RFG range from Blizzard is perfect for some budget beating custom solutions that don't break the bank!

Built from high quality steel this impressive unit boasts 360 degree viewing angles thanks to its double-glazed upper structure with double rear sliding glass access doors. 2 or 3 full width adjustable shelves are included as standard dependant on model, faced with a pricing strip perfect for product descriptions and information and internal LED lighting ensures easy viewing of contents too!

Features

- Stainless steel construction
- Flat double glazed glass structure
- 2/3 Adjustable glass shelves included as standard (dependant on model)
- Under lit LED shelves
- Included pricing strips
- Rear double sliding glass door
- 4 Low profile castors (2 braked)
- Rear vented (perfect for built in solutions)
- Digital temperature controller
