

ICE FLAKE MACHINE 60KG/24H

Discover our ice flake machine – 60 kg of ice flakes per 24 hours!

This robust ice flake machine is the perfect choice for hospitality businesses looking to produce ice flakes quickly and efficiently. With a capacity of 60 kg per 24 hours and a bunker capacity of 20 kg, this machine is ideal for high-traffic locations such as restaurants, bars, and hotels. Thanks to the cooling system, the machine ensures a constant flow of fresh ice flakes without needing frequent refills. Its compact design allows it to easily fit into any kitchen and is user-friendly for all staff members. Dimensions: 560x855x1360 mm (LxWxH) – power consumption: 0.21 kW – weight: 77 kg.

Key features:

- **High capacity** – 60 kg of ice flakes per 24 hours.
- **Cooling system** – for reliable and efficient operation.
- **Bunker capacity of 20 kg** – for a supply of ice flakes that won't run out quickly.
- **Easy operation** – simple to use for all team members.
- **Compact design** – easily fits into various hospitality environments.

Whether for cooling drinks, serving seafood, or using in cocktails, this ice flake machine always delivers the right amount of ice flakes. Order today and enhance the efficiency of your hospitality business!
