

Adjustable height deck grid

Product Description

The UHD200 open top impulse chiller/freezer from TEFCOLD has an open top to allow quick and easy access for the customer and double glazed glass sides increase visibility of stock. Units come on lockable castors which help with moving to different areas of the shop floor to make the most of promotions. The cabinet can be switched between chiller or freezer giving a more versatile display to promote a wide variety of chilled or frozen goods to suit changing requirements.
