Multiplex Kits

Fixes 2 cabinets back to back when making an island, keeping units the correct distance apart and allowing sufficient ventilation. Mutliple kits are only required for Super DE's going back to back. Not required for Super 200HCD or where cabinets are not in an island. (In a single row next to each other)

Shelf Kits For Islands

Easy to bolt on (and has integral multiplex kit). Ideal for selling condiments etc that compliment the frozen goods on display. Keeps units the correct distance apart and allowing sufficient ventilation of back to back cabinet in an island.

Shelf Kits For Runs

Easy to bolt on shelving kits. Ideal for selling condiments etc that compliment the frozen goods on display. Only for use on Super 200D in a line (not an island).

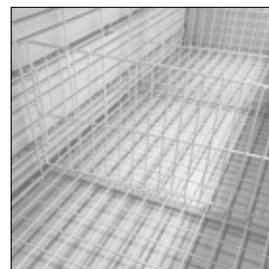

Skirt Kits

Skirt kits for Island or runs. Improves the visual appearance of the freezers and helps prevent dust and debris getting underneath the cabinets.

Baskets And Dividers

Helps to organise and segregate the interior of the freezer allowing you separate sections for different products, assisting customers to find the product they want and to stop the interior getting disorganised. (Cabinets are supplied with 2dividers as standard (except Super 150 which comes with 1).

EPOS Ticket Strips (39mm)

Make sure your product is clearly priced by using 39mm EPOS ticket strips. Available in single or double height (2 rows)

Castors

To simplify cleaning and changing of store layout, cabinets can be supplied on castors.
