Single door fish cabinet

The EcoPro G3 range of cabinets offers a combination of cutting-edge refrigeration technology, low running costs and reliability, making them the first choice for the foodservice professional.

Features & Benefits

- The EP700F optimises fish storage conditions with the cooling system designed to prevent surface drying of the fish
- Foster Shield provides advanced temperature control and hygienic design, protecting from the dangers of unsafe food storage. With air distribution optimised by CFD design technology, efficient operation is assured, even when shelves are fully loaded
- With PureControl, the G3's controller display uses pure LEDs, incorporating InGaN technology, which means it achieves higher resolution, lasts longer - all while using less power. Through the simple addition of a gateway, you're connectivity-ready
- Fitted with our new and improved +stayclear condenser which helps increase product life and reduce energy consumption, +stayclear helps your low energy fridge stay a low energy fridge. Now fitted across the cabinet and counter range as standard
- Operates efficiently in ambient temperatures of up to 43°C
