

TM32

Minibar Cooler

Product Features

- Absorption operated cooling system
- Flat integrated evaporator
- Silent operation
- Low energy consumption
- Reversible solid door
- Adjustable shelves, also in door
- LED interior light
- Lock

Integrated evaporator

LED light

Silent minibar for hotels

With the TM minibar, your guests can always get a good night's sleep. It has a silent running absorption cooling system classified as 0 dB (A), meaning no disturbance. The minibar has an elegant design with a black exterior and an anthracite interior, which gives that high-end feel. It has internal LED lighting, which turns on when the door is opened.

The cabinet can be fully integrated into the existing décor with a build-in bracket and hinge fixation kit, which allows a joint opening of the cupboard- and minibar door. A hinge fixation kit also secures the stability of the cooler and prevents it from tipping and sliding forward.

Design and Material		Measures and Content			Power and Consumption		
Door No & Type	1 hinged solid door	Temperature Range	°C	+2 to +12	Energy Class		G
Door Reversible	Yes	Climate Class		3	Energy Consumption	kWh/24h	0,62
