

8 Trays

Tray type: GN1/1 | EN1

Model: RBS-O81-RA

Material code: RF42IFRBHYC10OEF3A

+3°C

Soft or hard blast chilling

-5°C / -40°C

Continuous cycle

-2°C / +18°C

Storage

-18°C

Soft or hard freezing

-18°C / -21°C

Negative Storage

STRUCTURAL CHARACTERISTICS

- 0.8 mm-thick stainless steel external sides and door (Scotch-Brite satin finish)
- Stainless steel internal coating with fully rounded corners
- Die-moulded and leakproof internal base
- Full-length flush ergonomic handle
- 1 mm-thick stainless steel top (Scotch-Brite satin finish)
- HCFC-free high-density polyurethane foam insulation (approx. 42 kg/m³)
- Anti-condensation heating element situated on the body frame, under the stop
- Magnetic seal on 4 sides of the door
- Highly ventilated evaporator to ensure the cooling system's maximum efficiency
- Indirect-flow electric fans – made of composite material – on the product

EQUIPPED INTERIOR

- Quick-release heated core probe with 4 measuring points
- Removable stainless steel double-track guides (GN-EN), equipped with an anti-tip system.
- Side guide-supporting uprights with 18 mm-pitch holes.

COMMANDS, CONTROLS AND SAFETY DEVICES

- 5" high-definition TOUCH display
- Pictogram and text-identifiable processes
- USB connection for uploading and downloading data/recipes
- Compressor-protecting automatic-reset thermal circuit breaker

VERSIONING

- Also available in a wheeled version
- Also available with a left-hinged door

WARRANTY

- 1-year warranty from the date of installation, provided the installation report is submitted

REFRIGERANT GROUP

- Hermetic compressor (semi-hermetic for the RBS-122 model)
- R452A eco-friendly refrigerant fluid
- Copper-aluminium evaporating coil, cataphoresis-painted with non-toxic epoxy resin
- Copper condensing coil with high thermal efficiency aluminium fins
- Patented hot gas defrosting system
- Non-powered defrosting and condensed water evaporation device

INTERFACE

- G1 INGRESSO REFRIGERANTE
REFRIGERANT INLET
- G2 USCITA REFRIGERANTE
FERIGERANT OUTLET
- E CONNESSIONE ELETTRICA
ELECTRICAL CONNECTION

- W CONNESSIONE SCARICO
DRAIN CONNECTION
- H1 CONNESSIONE INGRESSO H2O 1/2"
INLET WATER CONNECTION 1/2"
- H2 CONNESSIONE USCITA H2O 1/2"
EXHAUST WATER CONNECTION 1/2"
